The other box contained:

- Illinois Token Book, 2nd Edition signed to me by the author
- Indiana Token Book, 1st Edition signed to me by the author
- Atwood-Coffee Catalogue of United States Transportation Tokens Book, signed by J. Coffee
- Parking Token Book, 5th (?) Edition, signed by the author

These books were marked with my notes on almost every page. These books can be replaced.

I also had two binders of collection notes going back to 1972. These cannot be replaced since they have been a labor of love. One book contained the first list of Illinois tokens that was published in Coin World by noted collector Tom Wall, town lists, dairy, military, coal, listings of Illinois.

The five tokens I purchased were still in my pocket. So the persons did get some money, snacks and worthless books for them and priceless to me.

The Frankfort police were called and responded in a very timely manner and took a report. I have been hoping the contents of the box would just be tossed to the side of the road and returned to me, but no luck so far.

The police told me there had been two other incidents of car windows being smashed in the town just north of Frankfort that day.

I also wonder if I was followed from the coin show that day with the thieves thinking my box of books contained more valuable coins.

Since the incident I have cleaned out my car so it looks showroom clean. I will have eyes in the back of my head in the future and park where I can see my car if I decide to stop and eat. One cannot be too careful these days.

(Over the years several of our members have been robbed by thieves looking to make a quick buck. We can't be too careful when traveling to and from Shows. Please take needed precautions when traveling to the IKO Show in October. KG)

BREAK IN OF MY CAR

by D. Frank Elam

I would like to tell my fellow collectors and concerned individuals of an incident that happened to me in the hopes we will all be a little more careful traveling with items of interest to ourselves.

As many of you know, I travel to coin and token shows with a file type box. I usually carry reference books, a snack, money, and even a checkbook. Visiting the Tinley Park Coin Show on June 13, 2013 in Frankfort, Illinois was not much different except that I left the check book at home that afternoon.

I left the coin show at 4:15 PM, a little later than planned since I needed to be at work at 5:00 PM. On the way to work, I stopped off at a fast food restaurant in Frankfort, IL. I visit this restaurant about once a week and have done so for the past four years or so with no incidents. At 4:32 PM or so I parked and got out of my car. I was preoccupied about getting something to eat before I started work. I heard someone running by my car. I turned around and saw a female around 20 years old. She stopped in her tracks and starting texting on her phone. I did not give it a second thought. My receipt on my bill showed I purchased the food at 4:34 PM. I sat down and ate my food and left around 4:52 PM. I noticed glass around my car and thought how I hadn't noticed the glass when pulling into the parking lot. I went to get into my car when I noticed my rear driver's side window had been smashed and two boxes removed from the back seat.

The one box contained items for work including some books.

PRESIDENT'S MESSAGE

Greetings to all members & friends of IKO-TAMS!

Preparations for our Oct. 11th & 12th show are well underway. Publicity is out and still in progress. Table reservations are arriving. Nationally known names in the exonomia hobby have been invited. Our 3rd show in the new location promises to be a good one. One of the highlights will, as always, be the auction conducted by Terry Stahurski. One lot expected to draw a high level of interest is the very first copy of the book "Indiana Trade Tokens" designated as first and autographed by the author. YOU can help with publicity by copying the flyer in this bulletin and distributing it where it can do some good. Hope to see you there.

Work on the Ohio supplement is progressing thanks to Dale & Tom. The original floppy discs used by Lipscomb circa early

'90's have been located. Now, we need to get them copied onto current media. Do you know any reliable companies that will transfer files from 5.25" disks to a flash drive? Tom is working on corrections to the 2nd Edition and adding background info where it is available. We need members to work on listings for the areas in which they live. YOU can help by contacting Tom Wehner, 406 S. Blackhoof St., Wapkoneta, OH 45895. Dale's contact info is on the second page of this bulletin.

Lastly, but very important, thanks to our editor for the excellent article in the last issue on the Rhoads Bros. of Columbia City, IN. Articles like this help us attract and retain members. YOU can help with this also.

Regards, your President, Dave.

EDITOR'S NOTES

A big "Thank You" to Virginia King is in order for once again hosting the June IKO Meeting. We had nine members (representing IN, OH, MI, and IL) and two spouses in attendance.

As always we had a brisk buying/selling/trading session. Many tokens traded hands during the morning. A brief meeting followed, conducted by Dave Gossett. Dale Wilges and Tom Wehner are working on the new OH Supplement. Work continues as they update and verify additions to the 2nd Edition. They could use the help of anyone willing to pitch in on the effort.

The Indiana update continues to plod (my word) along. I am collecting data, over 8100 new tokens potentially from Indiana merchants, but the verification of attributions is moving slowly. (No, not all of these new tokens will be included as I discard unverifiable tokens during the editing process.) I will continue to work on the project as I can, but it takes time and I can't promise a due date yet.

Be sure to check out the terrific auction Terry Stahurski has put together for this year's Show. Many interesting tokens and medals will be available for your bid. I am looking forward to adding some to my collection, if I can outbid others looking for the same pieces!

When researching mavericks we are always looking for new sources of attribution. After searching the Holy Grail of token knowledge, tokencatalog.com run by IKO member Richard Greever, where do we go now? IKO member John Byars informed me of another interesting site – <http://www.freewebs.com/midwestillegals/> According to the website, "This site is dedicated to the old illegal Midwest gambling casinos, clubs, backrooms and the people that were connected with them." I go there just to read the stories, not just for the research. If you are not familiar with this website, it is worth checking out. If you have a Prohibition Era token, this offers another possible source of attribution.

Those of you familiar with my columns know how much I look forward to the IKO October Show every year. It is the highlight of my token year. With many merchants from around the country, it is my chance to see and add many pieces to my collection. It is also a chance to renew token friendships in a face-to-face setting. During the last two years I spent most of the Show on the "other side of the table", selling tokens from the Dennis Brandush estate. With those tokens gone, I will again be able to roam the tables, looking for the latest token that I just can't live without. Dave Gossett will be hosting another great Show. I am looking forward to seeing everyone in Englewood!

IKO MAVERICKS

Mavericks for this column may be sent to the address of the Maverick Editor given on the 2nd page of this newsletter. *Please include a phone number or email address in case I have any questions about your submission.* It is very important to me to get these listings correct the first time. As a former Maverick Editor once told me, "Once a mistake gets into the published literature, it is almost impossible to correct". It is my job to get these done right and I will strive to do so. Thank you.

Please email me if you want an electronic copy of the IKO mavericks in .pdf format. The program that reads this file is free. If you don't have it, let me know and I can send instructions to get that, too.
